

4 Walls

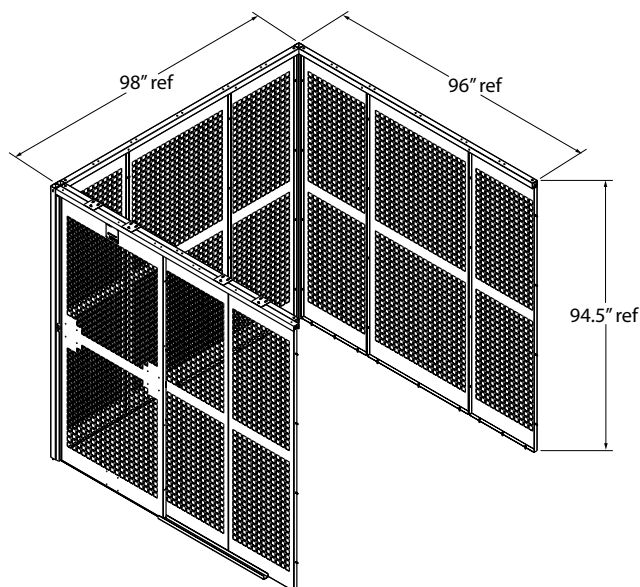

Newton Number	Description
2229920048	Complete 8' x 8' cage

Intended for the "Right When You Need It" market, Newton has created selected pre-kitted assemblies. These assemblies will be available with a much shorter lead time than the less conventional cage configurations.

Currently available is an 8'W x 8'D x 8'H complete cage kit with 1.5" square hole panels and door.

Note:

- 96" is from center to center of Vertical Post. Overall dimension is 98" x 98".

3 Walls

Newton Number	Description
2229930048	3 wall add on

Also available is the 8' x 8' add-on kit. (Note – this add-on kit is supplemental and is to be used when the above 8'W x 8'D x 8'H has already been installed.) The add-on kit consists of sufficient parts to complete three sides of a square cage. The fourth side will already exist from the cage to which it is being joined.
